SINCE 1962
SHIELD
SAFETY & RECREATIONAL NETS

Shield Safety and Recreational Nets brand has been established by Cesit Mensucat Corp. a high tenacity netting production company founded in 1962. From a humble beginning with three simple weaving machines solely producing fishing nets for a regional market, today the company is producing all kinds of nets for global market. Through Shield Safety Nets, the company has adopted the latest manufacturing technologies to ensure the highest quality and durability in its diverse product line.

Long recognized as an innovator and industry leader, the true success of Shield Safety and Recreational Nets is rooted in the company's overriding commitment to customer satisfaction which has remained unchanged for 60 years.

With three generations of expertise, along with a seasoned team of highly skilled and knowledgeable design, production, and sales staff, Shieldnets provides business solutions for sports, safety, leisure and many more fields. Shieldnets specializes in manufacturing all types of knotless-knotted nettings, ropes and twines.
